

# Summary report

05/01/2020 - 05/31/2020

Total: 32:50:39 Billable: 26:23:17 Amount: 0.00 USD

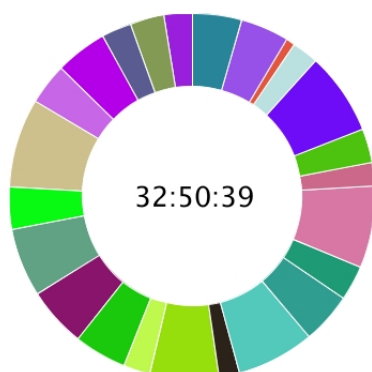

## Project

Capstone Project: COSC499 - Research Tube

32:50:39

## Time Entry

Create Project Scope and Charter Draft, pushed it into git and on google drive	00:47:53
Jira tasks setup	01:00:24
Working on PowerPoint	00:52:00
First team meeting, and initial planning	01:30:00
Research and learn technologies regarding the project	01:11:00

● Project Charter	02:36:29
● meeting and working on draft together	01:13:00
● First meeting with client	02:00:00
● Worked on Project scope and Charter with my team	01:43:08
● Project and Scope	01:32:00
● Meeting with client for discussing tasks	00:47:00
● Work on Project and Scope	01:59:17
● Collect all the information asked by our client, and send it.	00:35:00
● WBS (Work break structure)	02:15:00
● First meeting within group	01:30:00
● Meeting and working on draft together	01:00:00
● Work on WBS and documentation	02:22:47
● Learning ASP.NET Visual Studio	00:40:13
● Learning Docker and Rancher	01:00:00
● Research and learning technologies regarding this project	02:23:00
● writing the draft of charter and scope	00:47:00
● Learning dotnet	00:14:00
● Requirement Analysis with the client	01:26:00
● Initial Database design	01:25:28
